RECOMMENDATIONS

Head of Talent Acquisition at a Blockchain-Focused Firm

"We've worked with several recruitment firms, but Edison Smart stands out. Their focus on Web3 and blockchain-specific talent is unmatched. Edison helped us build a world-class engineering team, and their professionalism and expertise have made them a trusted partner. I can't recommend them enough."

HR Director of a Leading Crypto Company

"We were struggling to fill key positions in our blockchain development team, but their expertise in the crypto industry helped us secure highly qualified professionals within weeks. Working with Edison Smart was a game-changer for our hiring process. They don't just send over resumes—they deliver tailored talent solutions that perfectly fit our needs. Edison Smart has become our go-to recruitment partner."

CEO of a Leading Tech Solutions Company

"Edison Smart has been an invaluable partner in scaling our Web3 and AI teams. The candidates they delivered were not only technically proficient but also aligned with our company's vision. Their deep understanding of the blockchain landscape and unmatched network of talent has given us a real edge in this competitive space. We've been able to innovate faster and smarter thanks to their support."

CTO of a Leading Blockchain Startup

"Working with Max has been an absolute pleasure. His deep understanding of the Web3 and blockchain space, combined with his attention to detail, made the entire recruitment process smooth and efficient. Max was able to quickly grasp our technical requirements and find candidates who not only fit the job but also aligned with our company's culture. I highly recommend Max for anyone looking for top-tier talent in emerging technologies."
